From February 2018, library members and the local community will notice a change to the Redbank Plains Library building when work to repurpose the space commences. As well as physical changes, the existing collection will be replaced with a small high-performing Market Place collection. Members and visitors to the Redbank Plains Library will be able to enjoy a new **constantly refreshed** retail browsing experience of popular and trending books and title selections by genre. To ensure public safety during the implementation it will be necessary to disrupt service provision at the facility which will close from 12.00 pm Saturday, 3 March 2018 and reopen at 10.00 am Monday, 12 March 2018. Redbank Plains Library members will be able to return items using the after-hours chute located outside the Library's front door. In coming months, Library **public programming (adults and children's programs) will continue** to be provided to the Redbank Plains community in outreach mode including at the new Redbank Plains Community Centre, local parks and other partnership based locations. Digital literacy training, such as computer and tablet based programs, will be delivered at existing library locations including selected Mobile Library stops. When the Redbank Plains Library reopens on 12 March 2018, **regular opening times** will be observed so members can continue to collect their reservations, use our self-service checkouts, access free public computers and free meeting spaces.
